Stakeholder Management Audit:

| Audit Question |  |
| :--- | :--- |
| Have all individuals that are <br> impacted by the project's <br> execution and <br> implementation been <br> identified? |  |
| Have stakeholders been <br> prioritized so that there is a <br> common understanding of <br> who should be: kept <br> satisfied, managed closely, <br> kept informed or monitored <br> for feedback? |  |

SCOPE - Goal Audit:

| Audit Question |  |
| :--- | :--- |
| Does the goal statement <br> provide a clear vision of what <br> the project will achieve? |  |
| Is the goal statement specific <br> enough that individuals with <br> different backgrounds would <br> have the same <br> understanding of what the <br> project will and will not <br> achieve? |  |
| Does the goal statement <br> define the success criteria of <br> your project? |  |
| Was the goal statement <br> agreed upon by the Sponsor? <br> Key stakeholders? |  |
| Is your goal statement void <br> of any approach as to how <br> the goal will be achieved? If <br> not, remove the approach <br> unless it was mandated. |  |
| Does your goal statement <br> include an end date? Or a <br> clearly defined stretch date? |  |
| Would your goal be <br> considered realistic by a <br> Subject Matter Expert <br> (SME)? |  |
| Has your goal statement <br> been communicated to all <br> project team members and <br> stakeholders? |  |
| Has your project goal been <br> included in all project <br> documentation; like meeting <br> agendas and status reports? |  |
| If your project is part of a <br> larger effort: is your project <br> goal aligned with the other <br> projects in the program? |  |

SCOPE - Deliverables \& Acceptance Criteria Audit:

| Audit Question |  |
| :--- | :--- |
| Have all final project <br> deliverables been identified? |  |
| Have any excluded <br> deliverables been identified? |  |
| Have all interim project <br> deliverables been identified? |  |
| Have all project management <br> deliverables been identified? |  |
| Once all deliverables are <br> created, will the project <br> meet the business goal? |  |
| Has work been defined for <br> each deliverable at the level <br> of granularity that provides <br> confidence in the project <br> estimates or time and <br> resources? |  |
| For each deliverable has the following been identified: <br> $\|$Who will be involved in <br> the establishment of the <br> acceptance criteria? <br> The criteria that will be <br> used to evaluate and <br> accept the deliverable? <br> Priority of each the <br> acceptance criteria? <br> How each acceptance <br> criteria will be measured, <br> traced or tested? |  |

Communications Audit:

| Audit Question |  |
| :--- | :--- |
| Is the communication plan <br> designed to meet the <br> information needs and <br> delivery mediums of each <br> individual stakeholder? |  |
|  |  |
| Are there multiple methods Response <br> to deliver information (both <br> push and pull approaches)? |  |
| Are meetings planned like <br> well-planned mini projects - <br> with clear objectives, <br> outcomes and topics? Are <br> there meeting agendas that <br> are created and followed? |  |
| Are meetings used as needed |  |$\quad$| based on the communication <br> plan, or out of habit for 'how <br> things have always been <br> done'? |  |
| :---: | :---: |
| Is the Project Sponsor and <br> key stakeholders responsible <br> for some project <br> communications? (Anyone <br> that is an advocate for the <br> project should have defined <br> communications they are <br> responsible for) |  |
| Is the project status report <br> designed to meet the unique <br> information needs of the <br> Sponsor? Does it <br> communicate progress <br> against their individual <br> project success critiera? |  |

Risk Audit:

| Audit Question | Reflective Response |
| :---: | :---: |
| Who was involved in the risk identification process? | Where there business representation and key project team members involved? |
| Have risks been identified at mult <br> - Strategic risk <br> - Deliverable level risks <br> - Work package level risks | levels of project detail: |
| Have risks been identified for each <br> - External <br> - Internal (Resources, Cost, Deliverables and Time) <br> - Technical | risk category? |
| Has each risk been evaluated based on impact and probability? |  |
| Do all high risks have mitigation strategies and contingency plans? |  |
| Are all mitigation strategies integrated into the plan? |  |
| Have you documented the Residual Risk? |  |
| Do all medium risks have contingency plans? |  |
| Is there a risk reserve for implementing needed contingency plans? |  |
| How will risks be communicated to the Sponsor and key stakeholders? |  |

## Project Plan Audit Worksheet

## Role Audit:

| Sponsor Responsibility | Is the Sponsor Aware of this Responsibility? | Are There Active Behaviors Supporting this Responsibility? | Action Plan to Engage Sponsor in this Responsibility |
| :---: | :---: | :---: | :---: |
| Providing business perspective of the project need and priority |  |  |  |
| Defining project success criteria |  |  |  |
| Establishing project completion and budget constraints |  |  |  |
| Working collaboratively with the Project Manager to document the Project Charter |  |  |  |
| Identifying key resources necessary for project planning |  |  |  |
| Supporting the collaborative planning process |  |  |  |
| Reviewing and approving / rejecting the Project Plan |  |  |  |
| Making project decisions for approval, rescoping or rejection of project approach |  |  |  |
| Providing a cross-functional perspective |  |  |  |
| Committing resources and funding for the project |  |  |  |

## Project Plan Audit Worksheet

| Is the Sponsor <br> Aware of this <br> Responsibility? <br> Are There Active <br> Behaviors <br> Supporting this <br> Responsibility? | Action Plan to Engage Sponsor in this Responsibility |
| :--- | :--- | :--- | :--- |

| Project Manager Responsibility | Is the PM Aware of this Responsibility? | Are There Active Behaviors Supporting this Responsibility? | Action Plan to Engage PM in this Responsibility |
| :---: | :---: | :---: | :---: |
| Clarifying Sponsor expectations |  |  |  |
| Facilitating the planning process and the application of project management techniques ensuring that the right individuals are involved in collaborative planning |  |  |  |
| Documenting the Project Plan |  |  |  |
| Working with Sponsor and Key Stakeholders (and Executive Sponsor, Steering Committee and Gatekeepers if utilized on the project) to keep them updated on project progress |  |  |  |
| Establishing Management Plans for managing project related: issues, changes, knowledge, quality, risks and communications |  |  |  |
| Providing leadership to the project team |  |  |  |
| On-boarding team members |  |  |  |
| Meeting regularly with the project team to communicate changing priorities, manage issues, resolve conflicts and determine project status |  |  |  |

## Project Plan Audit Worksheet

| Is the PM <br> Aware of this <br> Responsibility? |  |  |  |  |  |  | Are There Active <br> Behaviors <br> Supporting this <br> Responsibility? | Action Plan to Engage PM in this Responsibility |
| :--- | :--- | :--- | :--- | :---: | :---: | :---: | :---: | :---: |
| Reviewing and recognizing the contributions <br> of each team member |  |  |  |  |  |  |  |  |
| Managing risks, issues and project changes |  |  |  |  |  |  |  |  |
| Keeping project documentation up to date <br> and completing project related <br> administrative work |  |  |  |  |  |  |  |  |
| Willing to integrate changes to the project <br> management process based on the Closing <br> stage learnings |  |  |  |  |  |  |  |  |

## Project Team Audit Questions

| Audit Question |  |
| :--- | :--- |
|  |  |
| Have project team roles been |  |
| clearly defined? |  |
|  |  |
|  |  |
| Is a RACI chart used for defining Response |  |
| responsibilities for each project |  |
| deliverable? |  |
